SERVICES REPORT – January 2021

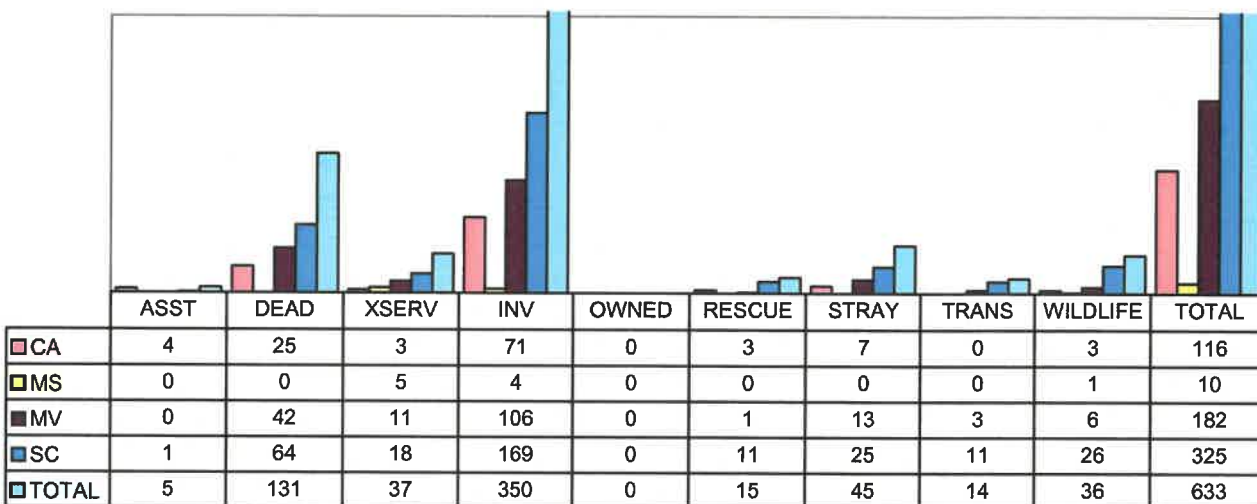

Introduction

This report provides graphs, tables and explanatory narratives covering five categories of information: field service calls, violations and citations issued, animals impounded, animals licensed, and animal outcomes. SVACA's fiscal year is July 1 – June 30.

1. Field Service Calls

Graph 1 is total service calls by Jurisdiction and Type and Graph 2a and 2b show the Sub-Types. Tables 1 and 2 are a comparison of fiscal years 2020-21 and 2019-20.

5. Animal Outcomes

The following tables reflect how our dogs and cats were outcomed at the center for the reporting period. The following is based on the Asilomar Accords (www.asilomaraccords.org) which were generated by animal welfare professionals as a way for agencies to accurately report a “Live Release Rate,” or how many animals had favorable outcomes. It also reports and categorizes why animals were euthanized. SVACA places all “healthy” and “treatable” animals as well as many “unhealthy” animals. SVACA’s Animal Care Center is “no kill” as we annually save greater than 90% of animals received.

ANIMAL CARE CENTER ACCOMPLISHMENTS AND HIGHLIGHTS

- SVACA team members continued to work through the global pandemic caring for the community's animals and protecting the public's health and safety. Essential services continued to be provided and public contacts continued to be performed outdoors and with staff in appropriate PPE. Due to SVACA's attention to safety protocols, all staff have been healthy and we have yet to have a COVID-19 positive case.

OUTREACH

- Fundraising
 - We sent our year end appeal to coincide with Giving Tuesday. The community responded despite it being a tough year for so many to help raise \$18,000 for the Animal Assistance Fund.
 - In conjunction with Friends of SVACA, we held a virtual Home for the Pawlidays online t-shirt campaign in lieu of the annual Santa Paws photo fundraiser.

- Volunteers
 - Due to the pandemic, our in-house volunteer program was still on hold though we continued to keep many of our foster volunteers busy fostering kittens and pups.
- Marketing
 - Staff continued sending a monthly newsletter, *So, What's the Scoop*, to our followers and contacts, giving them an update of what has been happening during the pandemic.
 - Our Home for the Holidays promotion helped get every available animal adopted.

- Outreach
 - The COVID-19 Relief Fund/Companion Animal Cupboard continues to grow and has helped many local residents who have been impacted by the pandemic. Donations for this program have kept it going without having to purchase any supplies to date.
- Miscellaneous
 - Staff attended a Friends of SVACA Board Meeting in November.

SHELTER TEAM

- The following are a sampling of adoption cases that highlight the good work that staff does in an effort to find lifelong homes for all of our animal guests.
 - 'Sarafina' was seen wandering in a parking lot. Field Services Manager Pedrotti responded and transported her to the Animal Care Center. She was heavily matted and had obviously been neglected. Our medical team tended to her and our care specialist staff provided her with a healthy diet. She gradually gained strength and became more and more active. Once she was well enough, she was placed into the adoption gallery and quickly found her forever home!

Happily-ever-after to you, Sarafina!

- 'Noelle' was a stray kitty who was quite scared when she arrived. She was given time to adjust and little by little she began to blossom due to our socialization program. The couple who adopted Noelle have been sending updates and have let us know that she is enjoying a very relaxed life in her fur-ever home!

Keep up the great work and enjoy your wonderful furr-ever family, Noelle!

MEDICAL TEAM

- The following are a sampling of the good work that our medical team does day-in and out as we attempt to make sick and injured animals healthy so they can be adopted, released to a placement partner, or returned to their owner.
 - At the tail end of October, we received two sickly stray kittens. Both were warmed, given subcutaneous fluid, started on antibiotics and sent to one of our experienced foster families. As their eyes opened, we could see the infection was not only respiratory but also in their eyes. The kittens spent all of November and most of December being pampered and cuddled as they grew stronger. An ophthalmic specialist evaluated their eyes and found them to have normal vision. These little ones were brought back for adoption and went home to their forever families in time to enjoy the holidays!

An inspiring second chance for these two!

- Milo, a 12-year-old stray chihuahua mix with senior type ailments like poor teeth and a cherry eye. Our medical team took care of his needs and he quickly found his forever home shortly thereafter!

From dazed and confused to home for the holidays!

FIELD SERVICES TEAM

- In Mountain View, Officer Morris responded to a report of an injured owl. She was able to safely confine him to a carrier and was transported to the Wildlife Center of Silicon Valley for treatment.

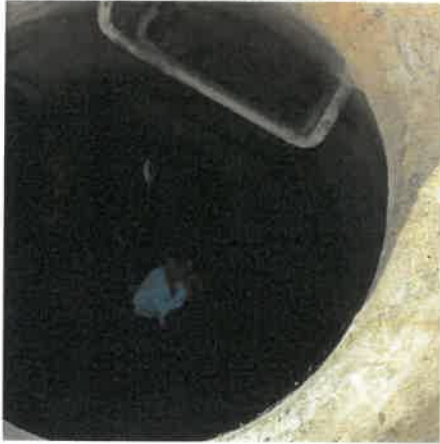

The wise owl was very thankful for Officer Morris' help!

- In Santa Clara, Field Services Manager Pedrotti responded to a report of an injured opossum under a car. He was able to capture and transfer her to the Wildlife Center of Silicon Valley for treatment.

Not so tall tail.

- In Santa Clara, Officer Gonzalez responded to a report of a kitten meowing from inside a storm drain. She was able to climb down and lure the kitten to her with some wet food. The kitten was approximately a month old and was placed into one of our foster homes where he received all the love and attention he needed. He was eventually adopted into a loving home!

What a lucky kitten!
