

SILICON VALLEY  
ANIMAL CONTROL AUTHORITY

**AGENDA ITEM**

**Fiscal Year 2021-22 Proposed Operating Budget**

**RECOMMENDED MOTION**

That the Board of Directors approve the fiscal year 2021-22 Operating Budget Option One as presented.

**DISCUSSION**

In May 2020 during the pandemic, staff prepared two operating budget options and recommended the approval of option two which reduced member contributions by 5% and included the potential use of up to \$100,000 in reserves if necessary. The Board of Directors approved that option.

For 2021-22, staff has once again prepared two options for consideration. Option One increases member contributions by 2.55% and due to the recent good news on the pandemic it includes a 1.5% COLA, returns step increases and lifts the hiring freeze as it is anticipated that much of our work will return to 2019-20 levels.

Option Two includes the above plus the use of up to \$50,000 in operating reserve funds to hold member agency contributions nearly flat.

Either option will allow SVACA to continue to operate in the same manner since the pandemic restrictions began and expand services as they are lifted. Staff also anticipates an operating budget surplus for 2020-21 due to the severity of the pandemic this winter which led to health department directives ordering the public to stay-at-home as much as possible.

If greater reductions must be made, then staff recommends the use of additional reserves.

The following two tables list the proposed 2021-22 contribution options.

Cost Allocations

Operating costs are based on formulas: field is calculated by taking the sum of population, square miles and calls for service (weighted by 50%); shelter is calculated based on the total live animals received; and administration is the average of field and shelter.

In an effort to decrease annual operating contribution fluctuations due to animal intakes and service calls, in 2019 the Board of Directors approved the staff recommendation to prepare figures by averaging contributions over a three-year period. Table 3 shows the overall percentages and three-year average.

TABLE 3. Overall Cost Allocation Comparison

| Member        | 2017-18 | 2018-19 | 2019-20 | Three Year |
|---------------|---------|---------|---------|------------|
| Campbell      | 16.96%  | 15.22%  | 16.99%  | 16.39%     |
| Mountain View | 23.90%  | 27.64%  | 24.89%  | 25.48%     |
| Monte Sereno  | 1.66%   | 1.20%   | 2.05%   | 1.64%      |
| Santa Clara   | 57.48%  | 55.93%  | 56.08%  | 56.50%     |

Revenue

Revenue was increased based on the anticipated lifting of restrictions over the course of the year which will most likely result in the ability to operate most programs such as the spay/neuter clinic which typically generates a third of program fees.

Expenses

Cost of Living Adjustment (COLA)

SVACA Policy states that COLAs will be considered annually and based on the US Department of Labor San Francisco – Oakland – San Jose Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) by taking the average of the figures reported for the calendar year preceding the new fiscal year and will go into effect on the first day of the new fiscal year. The Board will review and approve all COLAs. The average rate for 2020 is 1.5%. CPI-W averages follow in Table 4 while SVACA’s recent COLA history is in Table 5.

A COLA was not provided to staff in 2020-21 but the Board did approve a 3% one-time non-pensionable compensation in January 2021. Staff recommends the approval of the 1.5% COLA as well as reviewing SVACA’s financial state this autumn as was done in 2020 to consider additional compensation if appropriate. Hopefully, the virus will be well under control by then and economic conditions will improve locally and nationally.

#### Outreach Coordinator

Staff is once again recommending that the Outreach Coordinator's salary (\$84,000) be funded with the Animal Assistance Fund. Fundraising has increased substantially since the position became active in 2016. Currently there is approximately \$2,000,000 in the fund and even with the effects of COVID-19, staff expects to raise at least \$65,000 in 2020-21 and the Friends of SVACA is on track to raise approximately \$30,000. For 2021-22, it is anticipated that over \$100,000 will be raised collectively.

#### CalPERS

Classic contributions decreased .144% from 10.484% to 10.34% and PEPRA decreased .142% from 7.732% to 7.59%. The unfunded accrued liability payment is \$35,000.

### 2. *Materials, Services and Supplies*

#### Animal Care

Staff and the Friends of SVACA have collectively continued to solicit donations through various means. Staff is recommending up to \$60,000 of Animal Assistance funds be used for care and veterinary services. Friends of SVACA will also assist with expenses.

#### Recruitment and Retention

Funds were added to increase our ability to recruit, develop and retain high quality team members. When health conditions allow, staff plans to schedule regular meetings when accomplishments will be celebrated and lunch provided. Snacks, coffee, tea and water could also be offered in the staff lounge on a regular basis. Staff will also continue to explore and host team building activities.

#### Outreach and Volunteers

At some point in 2021-22, staff hopes to hold our annual fundraiser, Pour for Paws. If we are able to do so the goal of having The Friends of SVACA fund and coordinate it will come to fruition.

#### Return to Owner Hardship Fund

The hardship fund was decreased as demand was less than what was anticipated in 2020-21. Staff will continue to operate our Companion Animal Cupboard and COVID-19 Relief Programs to help those in need.

### 3. *Professional and Contract Services*

#### Risk Management

Liability and workers compensation insurance are expected to increase by approximately \$13,000.

### Reserves

For 2020-21, the Board approved the use of up to \$100,000 if necessary. 2021-22 Option One does not include reserves but up to \$50,000 could be used in 2021-22 Option Two. The reserves spreadsheet is attached to this report.

### Long Term Center Capital Needs

As stated in JPA sections 5.4, 6.3.3 and 6.3.4, all members will be responsible for their proportional share of future capital expenses. In the past, the Board elected to review needs annually and contribute amounts needed for that given fiscal year. Anticipated center capital needs for the next fifteen years (attached) was once again updated.

Needs could of course shift and staff will continue to stretch out the lives of these items as much as possible through proper maintenance. Overall, the outlook is excellent as the Capital Project Improvement Fund (CPIF) along with Animal Assistance Fund can be used to cover anticipated expenses for at least the next fifteen years. Projects and maintenance could also be deferred if necessary.

For 2021-22, staff is recommending the CPIF be used for roof repairs (coating application) at a total not to exceed \$60,000. Staff is also recommending the use of the Animal Assistance Fund to replace the Barking Lot turf (outdoor dog play area) and some of the fencing for a total not to exceed \$30,000. Staff also recommends improving our ability to care and treat challenging medical cases by replacing older equipment and adding new devices including an ultrasound unit, fluid warming equipment, pulse oximeter, infusion pump and surgical warming unit for a total not to exceed \$50,000.

### **CONCLUSION**

Staff has always strived to present the most cost-effective operating budget possible but due to COVID-19 it is quite difficult to predict what the future holds. As has been done in the past, staff will work to reduce expenses and increase revenue during the year. SVACA had a 10% operating budget surplus (\$239,539) in 2019-20 which once again demonstrated the sound fiscal responsibility practiced at the agency. Staff is recommending that the 2021-22 Operating Budget Option One be approved as presented.
