Department Statistics

RECOMMENDED MOTION

That the statistics of SVACA activity be received and filed.

DOCUMENT ATTACHED

- Services Report- March 2022

SERVICES REPORT – March 2022

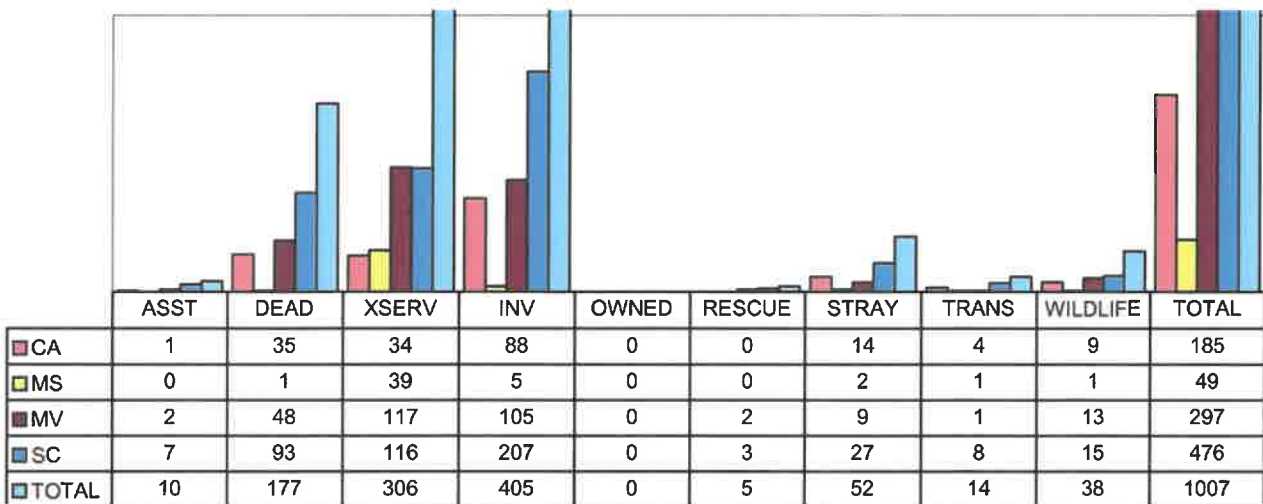

Introduction

This report provides graphs, tables and explanatory narratives covering five categories of information: field service calls, violations and citations issued, animals impounded, animals licensed, and animal outcomes. SVACA’s fiscal year is July 1 – June 30.

1. Field Service Calls

Graph 1 is total service calls by Jurisdiction and Type and Graph 2a and 2b show the Sub-Types. Tables 1 and 2 are a comparison of fiscal years 2021-22 and 2020-21.

Graph 1 - Total Service Calls by Jurisdiction and Type for January/February FY 2021-22

5. Animal Outcomes

The following tables reflect how our dogs and cats were outcomed at the center for the reporting period. The following is based on the Asilomar Accords (www.asilomaraccords.org) which were generated by animal welfare professionals as a way for agencies to accurately report a “Live Release Rate,” or how many animals had favorable outcomes. It also reports and categorizes why animals were euthanized. SVACA places all “healthy” and “treatable” animals as well as many “unhealthy” animals. SVACA’s Animal Care Center is “no kill” as we annually save greater than 90% of animals received.

Table 13 – January 2022

ANIMAL CARE CENTER ACCOMPLISHMENTS AND HIGHLIGHTS

- SVACA's team continued to work through all pandemic related safety protocols. Unfortunately, a second team member fell ill in February and was out for several weeks. Thankfully she has returned but still has some long COVID symptoms. Due to our protocols there was no spread to others at the center.
- The demand for service and animal intakes continued at prepandemic levels. The center continues to see more and more of the public returning to use our services and programs.

OUTREACH

- Fundraising
 - We have a date and venue for our 2022 Pour for Paws fundraiser. We'll hold the event at the Triton Museum of Art in Santa Clara on Saturday, September 10 from 6:00 – 9:00 p.m. We've expanded our event team and will be meeting regularly to discuss logistics through the next several months. We are beginning to solicit donations for our silent and live auctions.
 - A national fundraising effort held January 17 to honor the legacy of Betty White, a lifelong animal lover and advocate for animal welfare was a huge success. Our supporters donated \$2,638 on that day and their generosity continued all month long, with a total of \$3,739 raised.

Save the Date: Saturday, September 10, 2022 for Pour for Paws!

- Volunteers
 - In January and February, we held two volunteer orientations and onboarded 35 recruits.
 - We held a dog mentoring class to train new volunteers dog socializing skills.
- Marketing
 - Our Big Love adoption special, which ran from late January through the end of February helped get 20 animals adopted.

The Big Love adoption special offered 50% off select animals.

- Outreach
 - In January, staff met with a local Girl Scout troop working on their Silver Award project. They are exploring ways to help garner donations and supplies for the Animal Care Center.
 - In February, a group from Leadership Mountain View came to the Center and helped organize a project to refresh our art wall in the adoption lobby. The

artwork was created by students who participated in the Adoptables Art program, a joint effort of Palo Alto Humane Society and SVACA.

- The Companion Animal Cupboard has continued to help our community's residents who are experiencing financial hardship. We continue to provide food and supplies monthly to participants.

Volunteers from Leadership Mountain View helped put up our new art wall.

SHELTER TEAM

- The following are a sampling of adoption cases that highlight the good work that staff does in an effort to find lifelong homes for all of our animal guests.
 - Animal Control Officer Gonzalez secured Penny who was wandering the streets. Penny was initially nervous and timid but little by little she started to come out of her shell and eventually blossomed into a sweet pup. We were unable to locate her owner and she was adopted in no time. The adopter recently provided a fantastic update that Miss Penny is doing well and wakes them up each morning ready to get the day started!

A penny for your thoughts.

- Canelo arrived as a severely underweight stray and in need of TLC. Though this timid little guy was uncertain about the world around him, he seemed to know we only wanted to help him. It didn't take long before Canelo started to show a very friendly and wiggly personality. After Project Reunite was unable to reconnect him with an owner, a SVACA team member fell head over heels and adopted him. Canelo and his canine brother Chancho enjoy playing together and are the best of friends.

Canelo can always count on his big brother Chancho!

- Lulu was surrendered to SVACA when her owner's health began to decline. Beautiful Lulu had a lot of spunk and personality and found a family who absolutely adores her. She now spends her days sitting in laps and being pampered.

Lulu lounging patiently waiting to be spoiled.

MEDICAL TEAM

- The following are a sampling of the good work that our medical team does day-in and out as we attempt to make sick and injured animals healthy so they can be adopted, released to a placement partner, or returned to their owner.
 - At the start of the new year, a stray French Bulldog was found running in Santa Clara and made her way to SVACA. She had a friendly spirit and big smile from the start. While reunion efforts were underway, blood was found in her kennel and her urine. She was started on antibiotics but, when there was no change, a stone was suspected. A radiograph revealed an opacity in the bladder and surgery was scheduled. After recovery, she was made available for adoption and quickly found her new forever family!

Baby, keep smilin'!

- In late January, SVACA received a lop-eared rabbit that was found at a Santa Clara schoolyard. The rabbit was friendly and seemed in good health. During his intake, staff noticed an unusual area of redness and swelling near his tail. The area was treated and he was placed with one of our terrific placement partners.

A special place for a special bun!

FIELD SERVICES TEAM

- In Santa Clara, Animal Control Officer (ACO) Morris responded to a call from Adult Protective Services regarding two dogs in poor condition. ACO Morris seized the dogs to protect their health and safety. They were eventually surrendered to SVACA and later provided with a clean bill of health after our medical team's work was completed. One dog was placed with a placement partner that specializes in older animals and the second was adopted into a loving home.

Our Field Team goes to great lengths to help animals neglected by their owners.

- In Campbell, ACO Guerrero-Aguirre responded to a report of an owl that was possibly struck by a vehicle. The owl was transported to the Wildlife Center of Silicon Valley for care.

We're always thrilled to rescue our wild neighbors.

- In Santa Clara, ACO Guerrero-Aguirre responded to a report of an injured opossum that was pulled off the top of a fence by a dog and became stuck behind a shed. The opossum was carefully removed and taken to the Wildlife Center of Silicon Valley for treatment.

Sometimes, domestic animals and wildlife meet nose to nose.

- In Mountain View, ACO Morris responded to a report of an injured hawk who was perched on the second floor of a building that was under construction. Officer Morris was able to get close enough to the hawk to determine he had an eye injury. The hawk was safely captured and transported to the Wildlife Center of Silicon Valley for care.

This raptor was thankful Officer Morris came to the rescue.

- In Santa Clara, ACO Guerrero-Aguirre responded to a report of two dogs possibly abandoned at a dog park. Our team conducted Project Reunite and learned the identity of the dog owner, that he had suffered a medical emergency and was recovering at a local hospital. Thanks to members of the community and our team, we were able to reunite the dogs with their owner!

Project Reunite helped to get us home!

- In Santa Clara, a few months ago, ACO Morris responded to a report of a dog running at large in an industrial area. During the patrol, ACO Morris located the dog and reunited him with his owner through Project Reunite. More recently the dog was found by a Santa Clara Police Officer. During a patrol, Officer Morris was able to locate the owner and advised him to reclaim. He failed to do so and his was issued a citation for animal abandonment. The dog, now named Jax, is currently available for adoption and waiting for his forever home.

Jax loves treats and posing for pictures!
