2. **Yield**: To obtain the maximum investment return possible, within the constraints of investment vehicles limited to total safety of funds.
3. **Minimize Idle Funds**: To maximize the percent of total funds invested and minimize idle funds held in non-interest bearing checking accounts.
4. **Liquidity**: To provide adequate cash flow liquidity to meet expenditure needs of SVACA programs and projects.
5. **Check and Balances**: To maintain a constant system of monitoring and reporting compliance with investment objectives.

POLICY LIMITATIONS

1. **Investment Vehicles**: The only authorized investment vehicles for SVACA are the State of California Local Agency Investment Fund ("LAIF") and certificates of deposit in California financial institutions.
2. **LAIF**: Transfers to and from LAIF are authorized only to and from the SVACA checking and savings accounts and may be made by the Executive Director and Executive Assistant. Any change in this procedure requires written authorization to the State Treasurer by the Executive Director.
3. **Banks and Savings and Loans**: No more than \$250,000 (the maximum amount insured by the Federal Deposit Insurance Corporation) may be invested with any individual California Savings and Loan.
4. **Certificates of Deposit**: Certificates of deposit with California banks may exceed \$100,000 individually if collateralized at 110% of value.

RESPONSIBILITIES

The Executive Director shall also execute all investment documents on behalf of SVACA and ensure that investments are accurately reported to the Board of Directors on a quarterly basis. The Executive Director shall ensure that all investments shall be made in compliance with SVACA investment objectives and policies and with the California State Government Code. The Executive Director shall ensure that the Policy is reviewed annually by SVACA's Board of Directors at a public meeting. (Government Code Section 53646(a)).

The Executive Director may submit, on at least a quarterly basis, the most recent statements from these institutions to meet the requirements of the Code. In addition, the quarterly report should also include a statement that the portfolio complies with the Investment Policy or state the manner in which the portfolio is not in compliance with the Policy.
