## SERVICES REPORT – March 2023

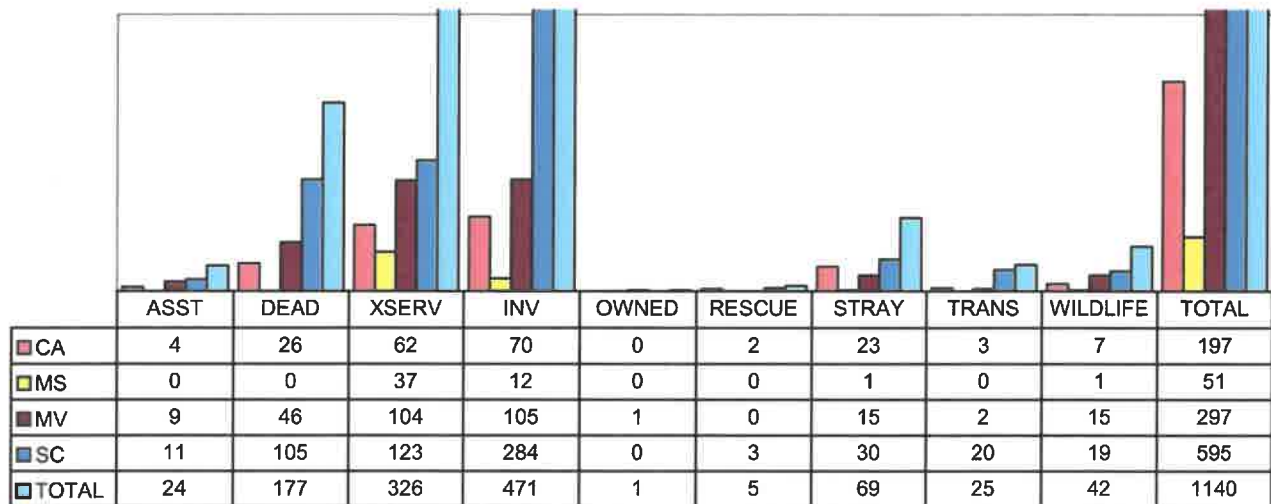

### Introduction

This report provides graphs, tables and explanatory narratives covering five categories of information: field service calls, violations and citations issued, animals impounded, animals licensed, and animal outcomes. SVACA’s fiscal year is July 1 – June 30.

### 1. Field Service Calls

Graph 1 is total service calls by Jurisdiction and Type and Graph 2a and 2b show the Sub-Types. Tables 1 and 2 are a comparison of fiscal years 2022-23 and 2021-22.

**Graph 1 - Total Service Calls by Jurisdiction and Type for January/February FY 2022-23**

ASST = ASSISTANCE      XSERV = EXTRA SERVICE CALL      INV = INVESTIGATIONS      TRANS = TRANSPORT

### Year to Date Comparison of Service Calls for FY 2022-23 and FY 2021-22

**5. Animal Outcomes**

The following tables reflect how our dogs and cats were outcomed at the center for the reporting period. The following is based on the Asilomar Accords ([www.asilomaraccords.org](http://www.asilomaraccords.org)) which were generated by animal welfare professionals as a way for agencies to accurately report a “Live Release Rate,” or how many animals had favorable outcomes. It also reports and categorizes why animals were euthanized. SVACA places all “healthy” and “treatable” animals as well as many “unhealthy” animals. SVACA’s Animal Care Center is “no kill” as we annually save greater than 90% of animals received.

**ANIMAL CARE CENTER ACCOMPLISHMENTS AND HIGHLIGHTS**

- We are extremely proud to report that for 2022 SVACA had a 98% live release rate saving 100% of our dogs, 98% of cats, and 99% of others. Even with a 25% increase in animals received and all the challenges the pandemic continued to generate, SVACA's Team once again rose to the occasion and pushed through just as we have done during far too many other past hard times. We remain optimistic that 2023 will be a more 'normal' type year complete with decreased animal intakes and demand for services as well as an improved employment market. No matter what, we'll continue to do our best with whatever comes our way.

## OUTREACH

- Fundraising
  - Our Event Team is brainstorming plans for a fundraising event that might be held at the Animal Care Center later this year. We're excited by the thoughts of showcasing our beautiful center and the love, care and volunteerism that makes it a special place to visit.
- Volunteers
  - We held a volunteer orientation in February and onboarded 34 recruits.
  - 20 volunteers attended our dog mentoring class in February
- Marketing
  - We ran a Hopping into the New Year adoption campaign in January and February to help feature our adoption animals.

**Hopping into the  
New Year like it's  
2023!**

**Adoption fee is \$23  
for select animals.**

*The Hopping into the New Year adoption promotion reduced fees to \$23 to welcome in 2023!*

- Outreach
  - Our Kiddies 2 Kitties program saw several youngsters and a brownie troop from Santa Clara visit during January and February.
  - Suha Suha Art Studio students created a four-piece mosaic art exhibit featured in our lobby. It is just stunning!

*Suha Suha students came to hang this amazing mosaic creation.*

- Miscellaneous
  - We have continued to rescue dogs from local shelters and placement partners. The dogs are getting adopted quickly and it's a win-win, not only for the dogs (and SVACA) but for the shelters that are overpopulated and need the help. Since the start of the California All for Animals grant cycle on September 1, we've brought 49 dogs into our program.

### **SHELTER TEAM**

- The following are a sampling of adoption cases that highlight the good work that staff does in an effort to find lifelong homes for all of our animal guests.
  - Animal Control Officer Guerrero-Aguirre responded to a confined stray call in Santa Clara. Belle was timid but due to the SVACA Team's TLC, she quickly blossomed into a sweet pooch. She met with a family who had an instant connection and report that she is very happy in her new home.

*The Beautiful Belle!*

- Morty (now renamed Zima which means sesame in Chinese) arrived at SVACA as an adolescent kitten. His personality shined from the moment he was in our care. He had one of the loudest purrs that could be heard from a mile away. Staff had no doubt that this little fellow would quickly be adopted with how charming he was. It didn't take more than a day for him to join his new family. Zima is very much pampered at home and has found his BFF with the resident Labrador.

*Zima never minds sharing his bed with his BFF!*

## MEDICAL TEAM

- The following are a sampling of the good work that our medical team does day-in and out as we attempt to make sick and injured animals healthy so they can be adopted, released to a placement partner, or returned to their owner.
  - A Mountain View stray Pomeranian mix, Pippy as he became known, was missing all the hair from the middle of his body, hind limbs and tail. The skin was red, covered in thick scaling and very sensitive to touch. He also had a wound and swelling on his muzzle that appeared to be related to a dental infection. He was started on antibiotics and received a bath after the medications took effect. A few weeks into treatment he was anesthetized for a dental cleaning with extractions. At that time, his skin was still too inflamed to perform his neuter; his skin was treated topically while he was asleep and his medication course continued. Another week or so passed and his skin was in better shape making him surgery ready. An antifungal medication was added to the antibiotic and the healing continued which included the regrowth of hair! He was made available for adoption in Wagger Way and quickly found his forever home.

*Way to grow, Pippy!*

- In February, a local cat rescuer brought a white juvenile cat to us that had been trapped in Santa Clara. He was quite energetic and friendly right from the start but did not appear to have a response to aural stimulus and it was determined to be hearing impaired. Even with Clover's impairment, he was quickly adopted by his forever family!

*Sitting pretty!*

## FIELD SERVICES TEAM

- In January 2020, the Field Services Team responded to a call from the Santa Clara Police to assist with a dog belonging to an individual who was being arrested. An emaciated pit bull mix was observed in the back of a vehicle. She was unable to walk and had to be carried due to her toenails growing into her paw pads. The dog was seized to protect her health and safety and an investigation was conducted. SVACA's Medical Team worked tirelessly to make her comfortable. A Penal Code (PC) 597.1 post seizure hearing was conducted and the hearing officer determined that the dog was lawfully seized. After three months of care at SVACA and almost 10 pounds added to her petite frame, Taffy was accepted into a placement partner's program. The Santa Clara County District Attorney's Office filed charges and the case recently concluded as the owner plead guilty to PC 597(b) - Cruelty to Animals and PC 653m(a) - Unlawful Annoyance or Harassment by Telephone or Electronic Communications Device. He was sentenced to one year probation, is unable to own an animal for five years, must 'stay away' from SVACA, must perform eighty hours of community service and must attend sixteen hours of animal cruelty classes.

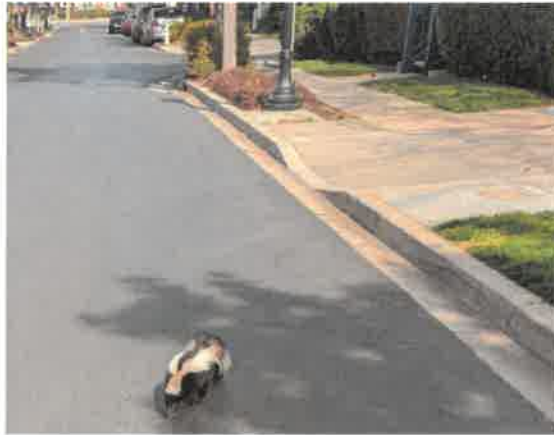

*Taffy working on healing.*

*And later...working on living!*

- In Mountain View, Animal Control Officer Guerrero-Aguirre responded to a report of a skunk aimlessly walking in the street. Upon closer inspection, it appeared that the skunk was visually impaired and had an infection in her eyes. Using blankets and patience, the skunk was safely confined to a transfer carrier and transported to the Wildlife Center of Silicon Valley for care.

*Poor little stinker. Got lost on the way to the optometrist.*

- In Santa Clara, Animal Control Officer (ACO) Morris responded to a report of a stray dog near the Guadalupe River. ACO Morris hiked down a steep, muddy bank to where the dog was, and captured her with a leash using food to lure her. Project Reunite was conducted but no owner was located. The dog, now named Maggie, was adopted by a loving family.

*That smile says it all!*
